About Me

Interactive Media designer and developer with a Master's degree, working across UX/UI, creative coding, and emerging technologies. I create accessible digital experiences and functional prototypes, from mobile apps to interactive content. Currently seeking a 4-6 month internship to contribute to innovative digital projects within a collaborative, creative team. Available immediately.

Education

Master in Interactive Media | University College Cork, Ireland | 2024–2025
Graduation: March 2026

Bachelor in Information & Communication | University Bordeaux Montaigne, France (2021–2024)
Includes international exchange programs in Spain (UCM) and Portugal (NOVA).

Projects & Experience

App Developer – Ready Buddy App (Thesis Project), 2025
- Designed and developed an iOS gamefied app using SwiftUI and Unity, focused on helping kids learn survival skills

3D & Creative Coding - Designed a motion piece in Blender and an interactive VR/AR environment using Three.js.

Web Developer – Interactive Portfolio & Experiments, 2024–2025
- Built a responsive portfolio website using HTML, CSS, and JavaScript
- Created experimental web-based pieces exploring coding concepts (e.i, Career Filter)
- Built Ajax-based CMS, server-side CMS, and JSON-based CMS websites

Communication & Digital Media Intern – SIBA, Jan–Feb 2024
- Assisted in digital communication projects, including content creation and video production
- Supported filming sessions and learned interview techniques for documentary-style content

Additional Experience: Customer Service & Logistics (Intermarché), Tutoring, and Seasonal Work (2018–2023)

Technical Skills

Development: HTML, CSS, JavaScript, SwiftUI (Xcode), Python, C++ (Unity), Three.js, PHP (Markdown), CMS platforms

Design & Prototyping: Canva, UX/UI Design, Accessibility (WCAG/WebAIM), Blender (3D modeling & animation), User Research

Production: Video Editing (Final Cut Pro), Audio Production (Logic Pro), Git version control
