

CAPUCINE LE BLOA

Creative Technologist / Interactive Experiences

France | capucinelebloa@gmail.com |  [capucinelebloa](#) | Portfolio: [capucine.portfolio](#)

About Me

Creative Technologist specialising in interactive media, creative coding, and immersive digital experiences. Passionate about designing technology that encourages people to move, connect, and play through intuitive, human-centred interactions. Experienced in web development, creative coding, and iOS application development.

Education

Master of Science in Interactive Media | University College Cork, Ireland (2024–2026)

Graduated: March 2026

Bachelor in Information & Communication | University Bordeaux Montaigne, France (2021–2024)

Includes international exchange programs in Spain (UCM) and Portugal (NOVA).

Projects & Experience

Communication & Club Operations – Service Civique – Anglet Hormadi Amateur, Sep 2026 – Present

- Supporting communication, website management, and content creation.
- Contributing to events, matchday operations, and the day-to-day running of the club.

Web Development Intern - Master Travel Group, March – May 2026

- Developed and maintained responsive websites using HTML, CSS, and WordPress.
- Implemented SEO best practices and integrated digital marketing tools to improve website performance.

App Developer – Ready Buddy App (Thesis Project), 2025

- Designed and developed a gamified iOS app using SwiftUI and Unity to help children aged 6–14 learn survival skills through play, independently leading the project from initial research and design through implementation.

Creative Coding Projects - Interactive Portfolio & Experiments, 2024–2025

- Built interactive web experiences with Three.js, GSAP, and JavaScript, including a 3D classroom with spatial audio and object interaction.
- Created 3D and CMS-based projects using Blender, AJAX, JSON, and PHP.

Communication & Digital Media Intern – SIBA, January – February 2024

- Assisted in digital communication projects, including content creation and video production
- Supported filming sessions and learned interview techniques for documentary-style content
